

RUSS TROOPS TO ENTER BULGARIA

Czar Said to Have Promised Invasion of Bulgaria Within Week and Troops May Be Sent Across Roumania—Serb Forces Again Thrown Back—Italians Overwhelming City of Gorizia—Kitchener Now in Rome—Roumania the Unknown Quantity.

By Associated Press.

London, November 26.—Emperor Nicholas is said to have promised the appearance of Russian troops in Bulgaria within a week.

There are increasing indications that this campaign will be launched by way of Roumania, and it is reported that conferences are now being held between Russia and Roumania to obtain the latter's consent to the move.

This consent, as intimated clearly by Roumanian statesmen, has depended on whether the allies gain a preponderance of force in the Balkans.

The Italians are vigorously pressing their attack on Gorizia.

London, November 26.—Greek affairs have emerged from uncertainty and the Roumanian problem now commands chief attention in Europe.

Whatever German efforts have been made in Roumania, it is believed here that they have been largely upset by the presence of large Russian forces close to the frontier and the now rapidly developing Russian preparations with Odessa as a base.

Berlin, November 26.—Serbian troops, offering resistance in rear guard actions to the Teutonic advance near Mitrovitz and Sienica, have been driven back by Field Marshal von Mackensen's forces, German army headquarters announced today.

FUNERAL OF BISHOP MOORE

By Associated Press.

Cincinnati, November 26.—Funeral services were held here today for Bishop David H. Moore, and his body will be taken to Athens, Ohio, tomorrow, for burial.

Many prominent men and civil war veterans marched in the funeral procession today, and thousands passed in review before the remains as they lay in state.

SHARP CLASH BETWEEN U.S. AND VILLA TROOPS

By Associated Press.

Nogales, Arizona, November 26.—American soldiers fired on Mexican soldiers across the boundary line here at 10:45 o'clock today, when Mexicans sent a number of bullets into the American town.

There were no casualties on the American side, but several Mexicans fell under the bullets of the American soldiers, according to reports.

Colonel Sage, commanding the American troops, ordered his infantrymen lying near the boundary line to open fire.

The first exchanges across the border line followed and half a dozen Mexicans dropped. A troop of Villa cavalry was seen approaching from the southwest firing as they came.

The American troops replied deliberately. Colonel Sage afterwards said he had orders to repulse any firing from the Mexican side if it seemed deliberate.

General Funston is due here Saturday. The American soldiers were placed at short intervals all along the boundary between the two lines.

Trenton, N. J., November 26.—Governor Fielder telegraphed Henry Ford today as follows:

"Invitation declined. Believe that efforts for peace by citizens of neutral nations, as individuals, would be considered meddling."

SUSPECT IS ARRESTED

San Francisco, November 26.—C. C. Crowley, formerly a special investigator in the county district attorney's office, was arrested here today by Don S. Rathbun, a special agent of the department of justice, in connection with alleged plots to dynamite munitions factories.

RIOTING IN CLEVELAND

By Associated Press.

Cleveland, November 26.—Two strikebreakers were injured and seven strikers arrested here today, in an attack by the strikers on the strikebreakers who were on their way to work at the Theodore Kundtz war order automobile body plant, where a strike by Hungarian workmen has been in progress several weeks.

Fifty strikebreakers were on a motor truck when they were attacked. Clubs, bricks and stones were hurled but no shots fired.

Union iron workers on the new high level bridge threw red hot rivets at the strikebreakers during the battle, and the strikebreakers were prevented from reaching the plant.

Truckloads of police reserves finally drove off the attacking party.

BILLIONS SUBSCRIBED TO "LOAN OF VICTORY"

Response of French People Surprises World—No New Taxation Burdens Imposed and French Credit Unimpaired, Says Minister of Finance, According to Rumors Eminating From Paris on Thursday.

Paris, November 26.—Subscriptions to the French government's "loan of victory" are exceeding all expectations.

It is estimated in financial circles that yesterday's subscription in Paris alone far exceeded the desired sum.

The minister of finance, Alexandre Ribot, introduced in the Chamber of Deputies today a bill appropriating \$1,634,000,000 for the first quarter of 1916. M. Ribot said:

"The financial situation has nothing disquieting in it, when it is considered that we have met all demands, heavy as they have been, in 16 months of war, without imposing new burdens of taxation and without effecting our credit. We can contemplate the future with perfect confidence."

The enormous amounts raised previously during the war have not approached the magnitude of the new French loan, if the unofficial estimates from Paris are confirmed.

On July 13 Reginald McKenna, chancellor of the exchequer for the British government, announced that the total of the English loan issued last summer was close to \$1,000,000,000, which, he said, was "far and away the largest amount subscribed in the history of the world."

The recently issued German loan brought in a total of subscriptions of \$3,025,000,000.

The French loan bears five per cent interest. The German war loan also bears five per cent. England's first loan was at 3½ per cent, and her latest bears 4½ per cent.

This is the first loan of this nature issued in France during the war.

WILSON WILL TAKE NO PART

By Associated Press.

Washington, November 26.—President Wilson will take no part in the campaign to bring about a peace conference, now being carried on in this and other neutral countries.

While he will interpose no objection to the unofficial movement, he has heard nothing from Europe which leads him to believe the time is opportune for him to take any steps.

Henry Ford's peace ship will not carry any representatives of the American government, and unless the situation changes in the meantime the government will not take any part in the proposed meeting.

GERMAN CRUISER IS SUNK

London, November 26.—The German protected cruiser Frauenlob has been sunk by a submarine of the entente allies, according to a semi-official announcement made at Petrograd, says a press dispatch.

"The Frauenlob is reported to have been sent to the bottom in the same locality where the German protected cruiser Undine, a sister ship of the Frauenlob, was lost."

The Undine was sunk by torpedoes November 7, while patrolling the south Swedish coast. Nearly the entire crew was saved.

The Frauenlob and Undine both carried crews of 275 men.

ATHENS GRANTS DEMANDS

Paris Regards Outcome as Diplomatic Triumph For the Allies—Serbian Government Removes Capital to Scutari—Berlin Announces Capture of Many Prisoners—Operations On Italian and Other Fronts.

Paris, Nov. 26.—The French government has been informed officially that Greece has agreed to concede all of the principal demands presented in the collective note handed to the Greek cabinet by the ministers of the entente powers.

The demands included full and satisfactory guarantees that the French, British and Serbian troops engaged in the Balkan campaign will be allowed complete freedom of movement without restraint, so far as the Greek authorities are concerned.

This triumph of the diplomacy of the allies is regarded here as the most important and most favorable development of the last two months in its bearing on the fate of Serbia and on the efforts of France, Great Britain, Russia and Italy to thwart the German program in the Balkans. the arrival in southern Russia of many heavy field and siege cannon from Japanese armament factories. Dispatches received in Berlin state that large consignments of these cannon are now at Odessa. The fact that Russian troops are being concentrated at Odessa, the principal Russian port on the Black sea, has given rise to the belief that Russia will attack Bulgaria from two points, one of the czar's armies marching through Roumania for a direct assault on the Bulgars, while another seeks a landing place on the Bulgarian coast of the Black sea.

RABIES SUFFERER BECOMES VIOLENT

Pittsburgh, Nov. 26.—John Bukowa, twenty-seven, while suffering from rabies, became violent and escaped from a hospital, running through a crowded thoroughfare scratching and biting at people until a patrol wagon loaded with policemen gave chase. After a battle with Bukowa, in which six police officers and patrolmen were either bitten or scratched, the afflicted man was returned to a hospital, where he attacked the superintendent, the physician in charge and an orderly. Bukowa was finally subdued and died in a few hours.

All the police involved have been granted leaves of absence to undergo the Pasteur treatment as a precaution, while the hospital officials and the orderlies have been placed under observation. Bukowa was bitten by a dog about two months ago.

ALLIES TO ERECT BIG BARRACKS

London, Nov. 26.—Great Britain and France are preparing to establish a great military position at Salonica, where large barracks are to be erected for the allied troops and where a great electric power station is to be built to enable the allies to carry on their repair work. France and Great Britain have notified Greece that full indemnities will be paid for all damage to Greek property that may be caused by the allied troops. The change in Greece's attitude, together with the impressive military preparations of Russia, are understood here to have caused a marked reversal of sentiment in Roumania in favor of the allies. It is believed here that Roumania will grant full permission to Russia to send troops across Roumanian territory for an attack against the Bulgarians.

HALF A SCORE DEAD AND MANY INJURED

Tornado Razes Farm Buildings Near Hot Springs.

Little Rock, Ark., Nov. 26.—Ten persons are known to be dead, one man is believed to be buried in the ruins of his home and about thirty are injured, some probably fatally, as the result of a tornado that swept through the thickly settled farming country a mile east of Hot Springs.

The dead: Mrs. George Tanner, Mrs. Paul Canada, Mrs. A. J. Crowder and three children, Brookside Davis, a negro; three negro children, unidentified.

Many farm houses were demolished. All the dead and injured were farmers. The city of Hot Springs suffered no damage. One person was injured within the city limits.

This information was brought to Little Rock by passengers on a Rock Island train. All wires to Hot Springs are out of commission. Practically all of the dead were killed by the collapse of their homes.

FINDS DIET CURES CANCER.

London Doctor Reports Seven Complete Recoveries With Nature's Aid.

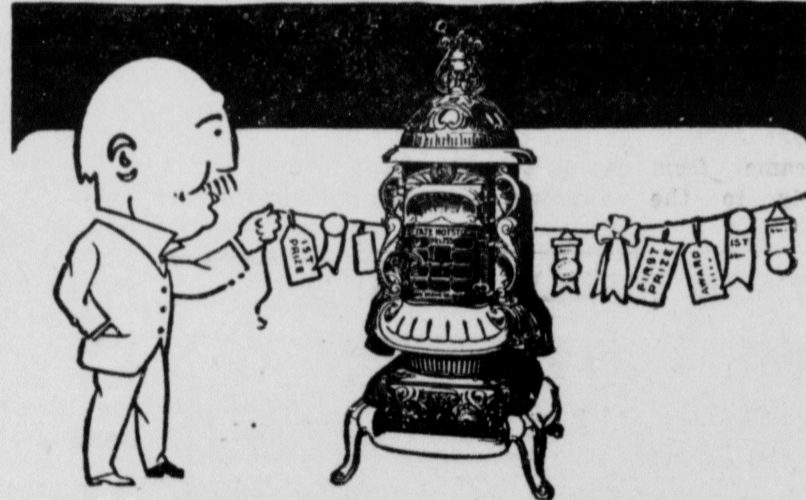

London.—Seven patients suffering from cancer have been completely cured "by assisting nature's efforts," according to Dr. Robert Bell, head of the cancer research department of the Battersea General hospital.

"We have," Dr. Bell recently said, "been able to demonstrate beyond doubt that the healing power of nature, if sufficiently assisted by regulating the diet regimen of patients, together with the administration of therapeutic agents, has proved in many instances quite competent not only to overcome the disease, but to bring about complete recovery."

A long string of victories

OUR confidence in this remarkable new heating stove—Estate Hot Storm—the stove with a "little furnace" in it—is backed up by the long string of victories which this stove has won in the few years since it was first placed on the market.

At every Fair where it has been exhibited the Estate Hot Storm has taken first prize; and its superiority over all ordinary heating stoves is so evident that no judge ever had to scratch his head to decide.

Estate Hot Storm

—the stove with a "little furnace" in it

is radically different than any other heating stove; and radically better, in every respect. "A parlor heating plant," it has been called, and the phrase fits it exactly. It works like a furnace because it's built like one, heating all the rooms of the average size house—upstairs and downstairs—just as efficiently as a furnace.

See the Estate Hot Storm at our store; let us explain its unique construction to you, and we feel sure you won't feel satisfied with any stove less up-to-date.

Germany in the Balkans

Some of the statements made by the prime minister of Greece a few days ago in a public speech objecting to his country entering the European war on the side of the entente allies were startling in the extreme.

Among other reasons why the prime minister urged that Greece maintain her neutrality was that the entente allies were unable to furnish the assistance which would save the nation from the same fate which befell Belgium and Serbia—annihilation by the Teutonic forces.

In support of that contention the prime minister called attention to the fact that while war had been raging in Serbia for some time and while the little neighbor nation in the Balkans was almost entirely crushed by the conquering armies of the Teutons, yet not a single English soldier had died on Serbian soil and not an English rifle had been fired in defense of Serbia.

Those statements may not be literally true but, in substance, they are true. Greece may well pause before leaping.

The inability of the entente powers to furnish the necessary armies to Serbia to protect it against invasion by the Teutonic forces has been horribly apparent especially to the small nations like Greece threatened with invasion by first one and then the other of the warring combinations.

The failure of England and France to supply Serbia with armies for defense has been due to two causes. The first is the absence of understanding between the entente powers as to the plan of campaign and the consequent delay in inaugurating a movement until after Germany has struck the blow. The second reason, and one which must be apparent, on consideration, is the very enormity of the task of transporting an army of one or two million men from England and France through the Mediterranean sea to the Balkans.

It is comparatively simple to point out with a pencil on a map how the entente allies can send men to the Balkans, but to transport the men, provisions, guns and ammunition is an appalling undertaking and one which requires time to plan and execute.

Germany's interior lines, short distances and compact territory, splendid railways and perfect harmony of plan with her allies have been of tremendous advantages during the whole war, but nowhere have those advantages been revealed with such marked distinctness as in the Balkan campaign.

It is not remarkable that Greece and Roumania fear, if they oppose the Teutonic armies, that the entente powers will be unable to save them from disaster. Neither is it remarkable that Bulgaria, in view of the very apparent advantage that Germany and Austria possessed in the Balkan campaign and the very decided disadvantage which confronted the entente allies, should cast her lot with the central powers.

Russia with her millions of unarmed soldiers and England and France, able to spare from the western front perhaps two million trained fighting men, may be able, in time, to check the Germans in the Balkans, but Greece is fearful that it cannot be done before the Teutons crush every Balkan nation opposing them.

Now for the Money

Following close upon the announcement of the proposal of the national administration to submit to congress immediately the next session opens, an elaborate preparedness program, comes the announcement of some of the minor plans in connection with the main plan—the question of providing the necessary finances.

Everyone realizes that the preparedness program if adopted by congress, as outlined by the administration, will add enormously to the national expense account. Everyone knows too that the people must pay the bill.

No one, official or private citizen, attempts any denial of these cold facts.

Officials are just a little puzzled now, evidently judging from the announcements coming from Washington, as to just what plan can be devised for raising the needed funds without creating too much dissatisfaction among the people.

Some of the official family favor the issuing of bonds and provision for paying them according to the old indirect taxation plan—raising tariff schedules and placing an indirect tax on luxuries and necessities so that the tax feature is covered up in the supposed increase in cost to the consumer.

Much to his credit, Secretary of the Treasury McAdoo does not favor the indirect plan. He would provide for raising the money to finance the tremendous preparedness program by increasing the national revenues.

The income tax exemption should be reduced according to the keeper of the nation's money, to two thousand dollars for unmarried men and three thousand dollars for married men. By this method, Secretary McAdoo estimates the national revenue receipts would be increased by one hundred and twelve millions for next year which includes the ninety-three millions needed for the preparedness program.

We are inclined to favor the plan of Secretary McAdoo. People will think more seriously about the plan if they are to pay for it directly. It is not fair to the folks who pay the bills to cover up the cost in an indirect plan.

Poetry For Today

ONE THING LACKING.

It would have been a perfect night—
The moon was like a silver disc,
A circle so celestial bright
Pinned to the curtain of the sky
The pine, the pungent tamrirk
Of later lands, gave new delight
To every zephyr passing by.

The rose was pallid in the moon;
The rose became a saintly thing;
The ruddy passion of the noon
Was melted to a tender hue,
The luster of a fairy's wing;
I heard the singing branches croon;
And yet a note was missing—
You.

It would have been a perfect night—
So sweet a night we never knew;
I heard the whirr of an angel flight
And murmured music ev'ry-
where;
The blue above, the green below—
It would have been a perfect night
Had you been there.
—American Lumberman.

WASHINGTON POSTMASTER MAY BE NAMED NEXT WEEK

Successor to Postmaster J. H. Culhan, whose time expires December 20th, is to be announced within few days, according to Washington, D. C., Dispatch—Place Now Pays \$2700 Yearly Salary.

According to a Washington, D. C. dispatch, the next postmaster for the office in this city will be announced next week, and the choice is expected to be either Sherman Murray, H. D. Chaffin or Edwin Weaver, and the term in office is four years.

The office now pays \$2700 annually, and the receipts last year having passed the \$25,000 mark and are expected to exceed that mark this year. Postmaster Culhan's second term as postmaster expires December 20, and his successor will assume the duties of office on that day, or as

near that date as possible.

During his eight years in the office Mr. Culhan has conducted the affairs of the office in a businesslike manner and his services have been thoroughly satisfactory generally.

The new change of postmasters will not affect the office of Assistant Postmaster G. B. Rogers, who is under the civil service.

When Mr. Culhan assumed office May 1, 1907, the salary was \$2500 per year, and since that time the salary has been increased twice, \$100 each time.

The Washington, D. C. dispatch relating to the change in this and other cities, says in part:

"Senator Pomerene, who returned to Washington today for the coming session of Congress, will cut a patronage melon next week when he will announce the appointment of eight Ohio Postmasters in cities situated in congressional districts that are represented by Republican members of Congress.

"Altogether 17 appointments will fall due in December and January."

LAI TO REST AMID PROFUSION OF FLOWERS

Grace church was filled with hundreds of sorrowing friends Thursday afternoon at 2:30 when the last sad rites over the remains of Mr. O. L. Peart, were carried out under the auspices of the Washington lodge of Odd Fellows.

The casket was surrounded by a profusion of beautiful flowers sent as a farewell tribute to one they had learned to love and whose memory will be cherished by all who knew him.

Rev. F. E. Ross, under whose pastorate the deceased had united with Grace M. E. church, delivered the funeral address. Rev. J. V. Stone assisted Rev. Ross. The songs used, "Sometime We'll Understand," and "God Be With You 'Till We Meet Again," were favorites of the deceased. The Odd Fellow ritualistic ceremonies were carried out, both at the church and the cemetery.

The Red Guards, of Imperial Degree Staff, were the pallbearers, the deceased having been captain of the squad and an enthusiastic member of the Imperial Degree Staff.

The remains were interred in the Washington cemetery.

SUDDEN DEATH OF GUY RUF

Mr. Frank McDowell of Bloomingburg, has received word of the sudden death of his brother-in-law, Mr. Guy Ruf, at his home in Swampscot, Mass., Friday morning at 12:30.

Mr. Ruf will be remembered by many friends in this city and also his wife, nee Miss Mary McDowell, with the utmost sympathy for her bereavement.

The body will be taken to the deceased's former home in Jackson, where funeral services will be held Monday afternoon. Mr. and Mrs. Frank McDowell go to Jackson for the funeral.

TWO SUITS FILED

Two suits were filed in the common pleas court, Friday morning, the first being that of The Fayette Lumber Company, making Bell & Blade defendants in an action for \$616.52 for supplies alleged to have been furnished, and the second suit makes Ed Bell defendant and asks \$154.91. E. L. Bush represents the plaintiffs in both cases.

WILMINGTON WINS THE FINAL GAME BY 12 TO 0 SCORE

For the second time this season the local high school foot ball team lost to the Wilmington High eleven, yesterday, Thanksgiving afternoon.

The visitors annexed the honors in yesterday's contest by a score of 12 to 0. While the Wilmington eleven outweighed the representatives of the Washington high school by nearly ten pounds to the man the speed and accuracy of play staged by the locals came near to turning the tide of battle in their favor.

Both teams put up a good game and the big Thanksgiving day crowd was well pleased with the exhibition.

Craig, for the local team, succeeded in making nice gains through the lines of the visitors, while Willis did some nice kicking.

Several times the local pigskin warriors succeeded in carrying the ball to Wilmington's 20-yard line but there the excellent defense of the visitors and their superior weight held them back.

The scoring by the visitors was all done in the first two quarters of play and by forward pass work. Robinson, of the visitors, staging plays which were executed perfectly.

Severe Bronchial Cough

Yields Quickly To Vinol.

Here is another letter we are permitted to publish for the benefit of Washington Court House people who suffer from Chronic coughs, colds or bronchitis.

Miss Oda Nelson, a stenographer, of Teaneck, N. J., says:—"I suffered from a severe bronchial cough. I had had coughing spells and became so weak it was hard for me to go to business day after day. I tried cough medicines and doctors' prescriptions without benefit. Through a friend I learned of Vinol and after taking one bottle my bronchial trouble was better. Its continued use stopped the cough, built me up and I gained in weight."

It is the combined action of the medicinal elements of cod livers aided by the blood-making and strength-creating properties of tonic iron and beef peptone, which makes Vinol a constitutional remedy for chronic coughs, colds and bronchitis, and at the same time it will build up the weakened, run-down system and re-establish strength.

Don't forget we return your money if it fails to give you satisfaction. Blackmer & Tanquary, druggists, Washington C. H. advt.

DEATHS AND FUNERALS

CHRISTY—Samuel L. Christy, aged 63 years, died Wednesday at 11:00 o'clock p. m. at his residence on the Jamestown pike.

Funeral services were held Friday morning at ten o'clock, with Rev. Walter Yeoman in charge. Burial was made in the Washington cemetery.

EARL WALKER IS HELD TO GRAND JURY

After taking into consideration the evidence submitted, Judge T. N. Craig, Wednesday afternoon held Earl Walker, Good Hope youth charged with forgery, to the grand jury in the sum of \$300 bond, which was furnished.

Walker is not yet 21 years of age and is charged with uttering a check for \$4.50, to which the name of John Free was subscribed. The check is alleged to have been passed in Bainbridge several weeks ago.

REMAINS EXPECTED TO ARRIVE TOMORROW

His Ashes In Parcel Post.

West Palm Beach, Fla.—The ashes of A. Ninomiya, a Japanese who died here several days ago, have been started for Japan by parcel post. Shortly before his death Ninomiya requested that his body be cremated and the ashes sent to Ehime, Japan, where he was born. The ashes were placed in a metal receptacle, which was hermetically sealed.

CLAY FOR BRICKMAKING.

The Wealth That Lines the Shores of the Hudson River.

Magnificent and inspiring as the scenery is along the towering banks of the lordly Hudson, it isn't anywhere near as much of a money maker as the lowly bricks which are made along the shores of that favored stream. In the ten years past some 11,390,110,000 bricks, valued at \$80,407,258, have been fashioned out of the clay close to the water's edge. These bricks, if laid flat, would make a sidewalk that would reach around the world. And it is estimated that there is still enough clay left on the banks of the Hudson to make 1,200,000,000 bricks a year for the next fifty years.

This stratum of clay extends along both sides of the Hudson from New York to Cohoes, above Troy, and takes in ten counties, one of them in New Jersey. It is the greatest brickmaking district in all the world. For a century the industry has thrived, and, strangely enough, the method of manufacture has changed hardly any in the lapse of years.

It was in 1817 when the industry began to thrive. James Woods, an Englishman, had learned the trade of brickmaking in his native land and was attracted to Haverstraw, up the west bank of the river a few miles from New York. The vast quantities of fine brick clay there and the abundance of wood for fuel appealed to him, and he started the first successful brickyard in Rockland county. To Woods is given the credit for discovering that coal dust made a fine ingredient for good bricks. He also invented tempering, mixing and molding machines, and these, but little modified, are used even in these times of new appliances for all forms of the industry.—New York World.

In Social Circles

A quiet wedding of interest to a widely extended circle of relatives and friends took place Thanksgiving morning at 10 o'clock at the Presbyterian parsonage, when Miss Sennath Kellough plighted her troth to Mr. Walter Thompson.

Rev Gage officiated, using the ring ceremony.

The young couple were accompanied by the bride's parents, Mr. and Mrs. W. R. Smith, the bridegroom's parents, Mr. and Mrs. A. J. Thompson, Misses Fern Sunkle and Wilma Hammer, Messrs. Ray Griffith and Paul Hughey of Circleville.

The bride, who is a very pretty girl, and as sweet and winsome as she is pretty, was wearing a modish tailored suit of king's blue velvet, trimmed in fur, with bodice of shell pink crepe de chine and velvet hat trimmed in roses and fur to match the suit. Her becoming toilette was completed with corsage bouquet of bride's roses.

The marriage is the culmination of a high school romance, both bride and bridegroom being graduates of the class of 1914. They have been popular members of the younger coterie and have the best wishes of a host of friends, both old and young.

The bride efficiently filled the position of teacher at the Children's Home the past year.

To the regret of Washington friends Mr. and Mrs. Thompson will make their future home at Fruitdale, where Mr. Thompson has assumed the management of the farm owned by Mrs. Jennie Thompson, who, with her family, returns to her Fayette county farm.

Mr. and Mrs. Roy Rankin handsomely entertained the following guests at dinner Thanksgiving: Mr. Harry Green of Dayton; Mr. and Mrs. Chas. Rankin and family of Xenia; Mrs. John Rankin and Mr. and Mrs. Fred Warning of Milledgeville; Mrs. Bert Leach and family of Cunningham.

Mr. and Mrs. Jesse P. Kellough hospitably entertained with a turkey dinner Thanksgiving, Mr. J. W. Kellough of Mt. Sterling; Mrs. Myrtle McGraw and daughter Marguerite of Jeffersonville; Mr. Frank Ressler and daughter Lucile of St. Louis, Mo. and Mrs. Ashley Wood and daughter Clara.

The Thanksgiving dance given by Miss Regina McDonald and brother Mr. James McDonald, at the Pythian Castle, Thursday night, was the brilliant social event of the Thanksgiving season.

Fifty couples, chiefly representative of the younger and college sets, with a sprinkling of older society folk and Juniors, pronounced the affair a delightful success.

Miss Charlotte Dahl and Mr. Willard Willis led the grand march. Fine dance music was furnished by Helen Cole Laws and Miller, piano and drums, and punch on tapis all evening.

Rev. A. W. West united in marriage at the First Baptist parsonage at 7:30 Wednesday evening, Miss Lillian Boswell and Mr. Frank B. Carr, two well known young people of this city.

They were accompanied by a quartet of intimate friends.

Mr. and Mrs. Carr will make their home with the bride's father, Mr. Henry Boswell, where the best wishes of many friends follow them.

Mr. and Mrs. John Ferguson entertained at a turkey dinner Thanksgiving.

giving, Mr. and Mrs. John Binns and daughter Maude and Mr. and Mrs. Earl Binns.

An enjoyable family dinner was held at the home of Mr. Jack Bishop Thanksgiving. Mrs. Jane Bishop and sons Will, Lawrence and Sherman, with their families, twenty-five in all, were seated around a table beautifully decked with white chrysanthemums, white and pink carnations. Mr. Bishop is recovering from his recent accident.

Mr. and Mrs. M. O. King and son Robert of Greenfield, Mr. and Mrs. Willard Everhart and children were guests at a delightful Thanksgiving dinner entertained by Mr. and Mrs. J. S. Fisher.

Mr. and Mrs. Martin Hughey handsomely entertained with a family dinner of fourteen covers Thanksgiving. The table was lovely, with decorations of shaggy white and yellow chrysanthemums and greenery.

Mrs. Austin Baughn gave a most delightful Thanksgiving dinner as a surprise for her husband, Thursday at high noon.

A splendid turkey graced the table flanked by every delicacy of the season. Immense pink and white chrysanthemums and greenery added floral embellishment and the pink and white color scheme was prettily carried out. An elaborate four-course menu was served.

Later in the evening the dinner guests were augmented by a number of the neighbors and a merry evening followed. Mrs. Roscoe Baughn and Miss Emma Draise assisted throughout the hospitalities and the son of the house, Roy Baughn, was home from the O. S. U., adding to the enjoyment of the occasion.

Mr. and Mrs. Ben Jamison entertained with a handsome dinner of fifteen covers, Thanksgiving. Yellow and white chrysanthemums were used in decoration.

Mr. Jamison's father, Mr. Z. C. Jamison, of Leesburg, and Miss Georgia Davis, of Leesburg, the week end guest of Miss Ruth Jamison, were out of town guests.

Mr. and Mrs. David Marine entertained with an elegant Thanksgiving dinner, the table adorned with fruit center piece.

Seated with them were Mr. and Mrs. Tasso Post, daughters Misses Grace, Hazel, Pearl and Dorothy, Miss Cole of Harrison county, Mr. and Mrs. Elton Marine, Miss West, Mr. and Mrs. H. D. Johnson, Mr. and Mrs. Earl Johnson and son, Mr. and Mrs. John Weade.

Miss Hazel Post added to the after dinner hour a charming reading.

Mr. and Mrs. J. C. Dunn entertained with an enjoyable family dinner of twelve covers. Mr. Paul Dunn was down from Columbus for it.

Among local musical events, especially in the student line, there is nothing more popular than the High School Glee club concerts and the High School Auditorium was filled with a most appreciative audience on Wednesday evening for the first of the 1915 concerts given by the High School Glee Clubs, under the direction of Miss Elizabeth Sheen, supervisor of music.

The program was an exceedingly ambitious one, including a Cantata, "The Wreck of the Hesperus,"—Anderson, and versatile concert numbers. Remembering that it was the

first appearance of the clubs this season, and that the organizations had been effected with a large percentage of new voices, having lost many of the leaders in former clubs, the clubs put on an amazingly good concert and merited the prolonged applause which encored the entire program.

A most effective opening prelude was given by the clubs jointly. The stage had been seated in tiers of raised seats, on which the girls mounted to form the letters "W. H. S." making an extremely pretty tableau, and emphasizing the High school colors, blue and white, in their white dresses, with blue sashes and hair bands, the living letters linked together with festoons of the same shades of blue.

The boys, in dark coats and white trousers, marched in true High school fashion, forming on the platform below the girls and joining with them in spirited singing of High school songs.

The club is a very large one, enrolling 56 members, and the difficulty of training so large a body of new voices in concert numbers brought out many encomiums for Miss Sheen.

The soloists of the ambitious cantata were Olive Hillery, a promising mezzo soprano, and Robert Craig, tenor, Robert McFadden, baritone, two of the prominent members of the boys' club.

Two of the most popular numbers of the program were "The Boys of the Old Brigade," and "A Capital Ship," full of rollicking melody with solo, Robert Craig, given by Boys' Glee Clubs.

These were typical glee club numbers sung with zest and swing and splendid volume.

The girls won their most enthusiastic recall on "The Sun Worshipers," a Zuni Indian Melody, of wierd chanting music very effective. They did some of their best work in this.

The male quartet, Robert Craig, Robert McFadden, Herbert Davenport, Charles Thompson, added taking numbers to the program. Two of the most pleasing numbers were: "Old Negro Spirituals,"—Miss Dorothy Rogers, who sang the solo of "Swing Low Sweet Chariot," has a very sweet contralto voice and her inflection and suggestion of negro dialect were cleverly done. John Nelson sang well the solo "Go Down Moses," the clubs carrying the swinging melody of the choruses.

Miss Marguerite Wilson, president of the Girls Glee club, diversified the music with a delightfully humorous dialect reading "Miranda on Thanksgiving." Both the good work of the young reader and the quaint philosophy of "Miranda" brought a strenuous recall, to which Miss Wilson responded with an entertaining little child dialect sketch.

The Glee Clubs showed volume and good attack and expression in the closing number, "To thee O Country."

Misses Ruth Reid and Edith Worthington were the accompanists and Miss Mazie Kessler assisted with the violin.

Robert Craig is president of the organizations.

Two well known families of the county were united in the marriage of Mr. Homer Wilson, son of Mr. John Wilson, of the State road, and Miss Ethel Little, daughter of Mr. W. J. Little, of above Bloomingburg, on Wednesday afternoon at the Pleasant View parsonage, Rev. J. O. Flax officiating.

The sister of the bridegroom, Miss Elnora Wilson, and Mr. Edwards

were the attendants.

The young couple have the best wishes of their many friends. They will reside temporarily at the Wilson home.

Mr. Floyd H. Hornbeck, a prosperous young farmer of Madison Mills, and Miss Hallie Voss, were married by Rev. J. V. Stone, at Grace parsonage, Wednesday afternoon.

Mr. and Mrs. Charles Kearney delightfully entertained at their home on South Main street with an elaborate Thanksgiving dinner. Guests were: Mr. and Mrs. Thomas Kearney, Mr. and Mrs. James Bogart and children, Gladys, Wanitia, James and Moral, from Cedarville, Mr. Harry Larich, from Jamestown, motored over in his fine Ford, Mrs. Lyde Smith and family, Mr. and Mrs. James McCoy from Binfield, Tenn., Mrs. Jeannette M. C. Roseboom, Mr. Steve Vincent and Wert Compton. Music furnished by Sunny Side orchestra.

SUGGESTING TAX ON OIL AND AUTOS

Secretary McAdoo Outlines Taxation Program.

NEW REVENUE NECESSARY

Increase in Rates of Taxation On Individual and Corporate Incomes Also Proposed—Bond Issue For National Defense Purposes Not In Favor. Secretary's Ideas Said to Have Wilson's Approval.

Washington, Nov. 26.—Secretary of the Treasury McAdoo gave out the first authoritative intimation of the program of taxation that the administration will suggest to the next congress.

While the McAdoo statement gives the items merely in the form of personal suggestions, there is no doubt that the secretary's utterance was approved by the president and that Mr. Wilson has in mind the tax levies suggested by his secretary of the treasury.

The program of suggestions includes the following: An increase in the rates of taxation on individual and corporate incomes; a reduction of the income tax exemption from \$3,000 to \$2,000 for single persons, and from \$4,000 to \$3,000 for married persons; the application of the surtax to incomes above \$10,000 to \$15,000, instead of \$20,000, the amount fixed by the present law; an extension of the war tax to gasoline, crude

and refined oils, horse power of automobiles and other internal combustion engines; the re-enactment of the war revenue tax in its present form; the repeal of the clause in the present tariff law which puts sugar on the free list beginning with May 1 next, thus retaining this large item of revenue.

Secretary McAdoo voices the opposition of the administration to a bond issue for national defense purposes and expresses the opinion that it will not be necessary; that the needed expenditures can be met with taxes "widely diffused and scarcely felt."

Secretary McAdoo takes a somewhat more optimistic view of the revenue situation confronting the government than do many leaders of congress. He figures that the new revenue necessary to meet the deficit in 1917, and the increased national defense program will be \$112,804,935. In other words, the annual taxes which will have to be levied will represent a little more than a dollar for every person in the United States, if there is to be no issue of bonds.

Mr. McAdoo points out that if the payments on account of the Panama canal for 1916 and 1917, amounting to \$50,000,000 should be paid from the proceeds of bonds already authorized then the additional revenues, which would be needed for the fiscal year 1917 would be only \$62,806,000.

The greatest interest manifested here in the McAdoo statement was in the authoritative disclosure that the Wilson administration is disposed to put the burden of further taxes "on wealth" rather than distributing it through an increase in tariff duties. There is no intimation that President Wilson is contemplating any changes in the tariff schedules beyond the retention of the sugar duty.

Persons in position to know the German viewpoint declare that Count Von Bernstorff, while assuring Mr. Lansing of Germany's entire willingness at any and all times to express her sincere regret over the loss of American lives, does not feel that she can disavow the act of the submarine commander in attacking the Lusitania when, as a matter of fact, it was well known at that time that the German submarines had been directed to attack all British merchant vessels in the war zone.

Out of respect for the humanitarian conditions which the catastrophe gave rise to Germany, it is said, revised her orders to submarine commanders, with the result that she was able to offer prompt satisfaction to the United States when the Arabic was sunk by a submarine commander who disobeyed these rules. As assurances for the future protection of Americans, Mr. Lansing has been told these orders will stand.

Because of the deadlock in the negotiations, which state department officials believe will be ended by Germany eventually "coming around," the question of amount of indemnity has not entered into the negotiations. On both sides it is flatly denied that Count Von Bernstorff has offered on behalf of his government to pay \$5,000, or any other figure, for each one of the 110 Americans lost.

RUSSIA WANTS \$60,000,000

New York, Nov. 26.—Representatives of a group of Russian banks are negotiating with bankers here for a new credit to the amount of \$60,000,000, to be used to pay for Russian purchases in the United States. The Russian government earlier this year borrowed \$25,000,000 here on bankers' acceptances.

GERMAN DESERTER TELLS SAD STORY

New York, Nov. 26.—A German soldier, who deserted from his regiment after having been through the campaign in France and the operations in Belgium, arrived as a stowaway on the Dutch liner Noerderyk. He is Karl Schultz, former private in a light infantry regiment of Leipzig, and he told the immigration authorities that he deserted "because he was hungry and everybody was discouraged."

RED FLAG FLOWN

Chicago, Nov. 26.—The funeral of Joseph Hillstrom, I. W. W. member, executed by a firing squad in the Utah penitentiary last week, was held here and the body was cremated. More than 6,000 persons attended the meeting in the West Side auditorium. The red flag floated unmolested at every turn. William Haywood made the principal address.

Miss Anne Morgan (seated on the left), daughter of the late J. Pierpont Morgan, opened the first council of the Inkowa club in New York, of which she is president. The object of the club is to furnish an opportunity for wholesome comradeship of young men and young women and to encourage out of door activities. All meetings will be held in the open and around a campfire.

VILLISTAS FIRE ON AMERICANS

Nogales, Ariz., Nov. 26.—Two batteries of the Sixth United States field artillery and the Seventh and Twentieth regiments of United States infantry, have been ordered here by General Funston, commander of the southern military department. The troops have been stationed at Douglas, Ariz., since the recent fighting at Agua Prieta, opposite that city, and are ordered here as a result of the shifting of the Mexican situation in Sonora. They will reinforce the Twelfth Infantry and a part of the Ninth United States cavalry now here. General Frederick Bell will be in command.

The situation took its sudden shift with the hurried return to Nogales, Sonora, of General Villa and his staff from their unsuccessful attack upon the state capital at Hermosillo. They were decisively defeated by General Dieguez, the Carranza commander at Hermosillo, who is said to be following their retreat, driving the Villa army back.

Fifty-eight Mexican soldiers, crossing into the United States at Harrison's ranch, east of here, fired on six American troopers of the Tenth cavalry. Twenty-five other troopers of the Tenth cavalry, who were on reserve duty, opened fire on the Mexicans, killing a number, according to report, and bringing one wounded prisoner into camp.

SPAIN TO KEEP OUT

Madrid, Nov. 26.—Premier Dato said in parliament that there was no possibility of Spain intervening in the war. He censured certain Spaniards who delight in trying to create complications by crediting rumors reflecting upon the dignity of Spain.

KNOWS NOTHING OF PEACE MEET

London, Nov. 26.—In the house of commons Sir Edward Grey said that he had no information regarding the proposed international peace meeting in Zurich. The proposal to hold the meeting at Berne, Switzerland, in December, has undergone a change and the meeting has been postponed.

ERROR IS COSTLY

Toledo, Nov. 26.—A stenographer's error may defeat an important amendment to the Toledo charter, for which the people voted by a large majority three weeks ago. The amendment provided that legislation passed by vote of the people can not be amended by the city council, or in any other way except by the people. In preparing the copy for the official ballot, a stenographer omitted seven words from the proposed amendment.

LEADING CHINESE

Petrograd, Nov. 26.—The assertion is made in a dispatch from Peking that German and Austrian officers are now being employed in the Chinese army, and particularly in the arsenals.

PIONEER IN NEED.

Discoverer of Finlayson River Files Application For Pension.

Seattle.—John Finlayson, aged 103, discoverer of Finlayson river and Finlayson lake, in Yukon territory, has applied to the board of trustees of the Pioneers' home at Sitka, Alaska, for pension under the Alaska territorial law providing for aged pioneers.

Finlayson prospected and mined gold in California and Oregon until he was sixty-six years old, then went to British Columbia and Yukon territory and explored large areas into which white men had never penetrated.

He retired with what he supposed would be enough money to care for him all his life, but had not expected to attain such a great age, and the years have now exhausted his board.

An Ominous Symptom.
"A good wife is heaven's greatest gift to man and the rarest gem the earth holds," remarked Mr. Jarply the other morning. "She is his joy, his inspiration and his very soul. Through her he learns to reach the pure and true, and her loving hands lead him softly over the rough places. She is—'Jeremiah,' said Mrs. Jarply solemnly—'Jeremiah, what wickedness have you been up to now?'"

DEMIES ATTACK VOTING SYSTEM

Cleveland, Nov. 26.—The right of Harry L. Davis, Republican, to occupy the office of mayor, to which he was elected by preferential vote, will be contested in the courts by the Cuyahoga Democratic organization. An effort will be made to oust Davis and have Peter Witt, Democrat, defeated candidate, placed in office, on the ground that only first choice votes, of which had a majority, can legally be counted. The suit is to be based on the constitutionality of the preferential voting system. Attack will be centered upon the counting of second and third choice votes, through which Davis was elected.

WHITACRE HOME

Canton, O., Nov. 26.—In a statement issued here, John G. Whitacre, who bolted Cox during the last gubernatorial campaign, said: "I am a Democrat and will support the party's nominee for governor. This is no time for any divisional or factional differences in the party. At the primaries I will vote for Judson Harmon, if he is a candidate, but after that time I will be for the man the party nominates. Last year I opposed Cox, but that fight is over, and if he is nominated by the party he will have my support."

INSPECTOR'S FIND

Columbus, Nov. 26.—Conditions of carelessness and neglect have been found by State Boiler Inspector J. C. Callery, according to Secretary George L. Stoughton of the industrial commission. He said: "Callery found that over 3,000 certificates of boiler inspections which were made over a year ago had not been sent to the owners of the plants inspected. By law they should have been sent out immediately, for plant owners are required to keep these certificates on exhibition."

INVITES GLADDEN AND GOV. WILLIS

Ford Would Have Ohioans In Peace Party.

BOTH CONSIDERING OFFER

Governor and Columbus Divine Among One Hundred Distinguished Americans Who Have Received Invitations to Attend Peace Conference at Some Neutral Port in Europe—Edison Likely to Go.

Columbus, Nov. 26.—Henry Ford, the Detroit manufacturer, has invited Governor Willis and Rev. Dr. Washington Gladden to be among the 100 representative Americans he has asked to take part in his peace expedition to Europe in an effort to end the world war.

Both the governor and Rev. Dr. Gladden appeared to have been surprised at being invited, and both declared they are feeling keenly the importance of the project and a sense of duty to accept the request.

Governor Willis said: "It is difficult to decline such a chance to be of real service to all the people of the world, and I am seriously considering whether I can accept the invitation. The plan appeals to me. It is a serious matter. I haven't decided how I shall answer Mr. Ford. The possibility of accomplishing a great good, re-establishing world peace, confronts me, and if I go it will be for this reason."

Rev. Dr. Gladden said: "I hope to be able to go. I have made a conditional reply to Mr. Ford."

Mr. Ford, in his telegram to Governor Willis and Rev. Dr. Gladden, says that Jane Addams, John Wanamaker and Thomas A. Edison have accepted invitations. The place for the peace conference, which prominent men and women of European countries will be asked to join, has not been determined.

Louis P. Lochner, secretary of the Chicago Peace society, who is helping Henry Ford on the peace ship arrangements, said the following persons have accepted the telegraphed invitation to be Mr. Ford's guests on the Oscar II when she sails from New York Dec. 4:

Helen Keller, Rev. Washington Gladden of Columbus, Dean Samuel S. Marquis of St. Paul's cathedral, Detroit; Arthur L. Weatherby, secretary of the Nebraska Peace society; Anna Garland Spencer of Meadville, Pa.; Commissioner of Immigration Frederic C. Howe and Mrs. Howe; Mrs. Alice Park, a suffrage worker of Palo Alto, Cal.

Sleuths Investigating Fire.

Toledo, Nov. 26.—Fire in the plant of the Toledo Machine and Tool company caused a loss of \$10,000. The company has been engaged for several months in the manufacture of munitions for European powers. Government officials are investigating.

Boy Badly Injured.

Newark, O., Nov. 26.—Willard Pyle, five, suffered a fracture of the skull when his head was caught in the spokes of a wheel as he fell from a wagon. His body was whirled in the air half a dozen times and carried fifty feet before the wagon was stopped. He may live.

Suspects Rounded Up.

Cincinnati, Nov. 26.—Seven men, suspected of being members of a band of robbers that has blown more than a dozen postoffice safes in southern Ohio and Kentucky during the last year are being held by the Cincinnati police, following the blowing open of the safe in the postoffice at Erlanger, Ky., twenty miles south of Cincinnati.

Auto Hit at Crossing.

Woodfield, O., Nov. 26.—Mrs. George Miller of Donora, Pa., received several internal injuries and the chauffeur, Celilla Troix, suffered a broken leg, and four other occupants of the car, George Miller, his two children, and William Patton, were injured when their automobile was struck by a passenger train at a grade crossing near here. The machine was demolished.

HERRICK RESIGNS

Columbus, Nov. 26.—Former Governor Myron T. Herrick tendered to Governor Willis his resignation as trustee of the Ohio Archaeological and Historical society. W. P. Palmer, of Cleveland has been appointed to fill the vacancy. Mr. Herrick recently was made a member of the rural credits committee by the governor.

KEEPING YOUNG.

Old Age Is Not by Any Means Merely a Matter of Years.

There is no scientific evidence to show that late youth and middle age are the periods of commencing decrepitude and "old age." Man grows old because he is injured; because his body cells are poisoned, and not because he has lived just so many years. There is no relentless law determining when a man shall grow old. The tradition "three score years and ten" is conditioned mainly on the manner of living and not by any natural law. But man has it in his power to modify these conditions either for better or worse.

Probably a greater luxury of living, which is not balanced by proper physical exercises is a primary condition to be reckoned with. But temperance along the line—in eating, drinking, working, playing and even in resting—has been suggested as a wiser principle to hold to. This avoids the possibility of rusting out on the one hand or of wearing out on the other.

Yet there is another way and a more worthy reason for retaining youth and deferring old age—cultivate health for the love and pleasure of it. The monthly letter of the Life Extension Institute says of this suggestion: "It is not a fear of illness or of death that we should encourage, but a love of health, a sense of responsibility for the care of our bodies, a desire for bodily endurance and efficiency and full achievement. If the mind is fixed on these ideals and the already known means of approaching them are utilized, heart disease, kidney trouble and the needless miseries that blight the lives of so many may be left to take care of themselves. It is not so much necessary to fight disease as to cultivate health for the happiness, contentment and moral gain that it brings."

NAT C. GOODWIN MADE FLYING TRIP

Exhibitors of "Business Is Business" Eclipse Star in His Own Role.

The hundreds of theater-goers who saw "Business Is Business" with Nat C. Goodwin in the leading role at the Palace Theatre, Tuesday night, will agree that Mr. Goodwin and his cast gave an excellent substantiation of the title of the play. Little incidents like murder and suicide proved small obstacles to the businesslike Merchant Lechat (Mr. Goodwin).

But in the presenting of the picture to Washington audiences, the ways and means of the great Goodwin were eclipsed by the moving picture exhibitors themselves.

The lesson "Business Is Business" is seldom more forcibly impressed in practical life than it was Tuesday by those who had to do with the showing of the play.

Manager Smith had been expecting the film for the performance to arrive on the afternoon train from Cincinnati, after its failure to arrive in the morning. The afternoon train pulled in without the film aboard, and it seemed that the patrons of the theater must be disappointed. Mr. Smith telephoned headquarters. It was discovered that the film had not left Cincinnati.

"Have no fear. Go ahead with your arrangements. We'll get it to you somehow," was the assurance Mr. Smith received over the wire. And he went ahead, wondering.

But the hours dragged on. The theater opened at the usual time. The crowd grew rapidly. Other films were shown and the management continued to hope desperately for the arrival of the feature. At eight o'clock spirit was ebbing and the attendance was getting restless, when an automobile whirled up to the theater in a cloud of dust and the superintendent and assistant superintendent of the Cincinnati Buckeye Film Company stepped out and presented Manager Smith with the belated film.

They had an arduous trip and the automobile had suffered, but they had saved the day. "Business Is Business," quoted Superintendent Lux. And the audience enjoyed the picture all the more because of the delay.

Don't forget to reserve next Wednesday and Thursday for the Annual Carnival of the Woman's Auxiliary. It will be worth the effort.

SHERLOCKS GET WATSON

Augusta, Ga., November 26.—Thomas E. Watson, Georgia editor and one time populist candidate for president, was arraigned in federal court here today on an indictment charging him with sending obscene matter through the mails.

Watson, acting as his own attorney, entered a demurrer, asking to have the indictment quashed, but Judge Lambdin overruled this.

It is alleged that the objectionable matter was used in an article entitled "The Roman Catholic Church, the Deadliest Menace to our Civilization," and in another entitled "Another Maria Monk Case Come to Light in New Jersey."

THIS CLOCK STILL TICKS.

Wheels Are Made of Wood, and It Is a General Guide.

Asheville, N. C.—Charles Bolick of this city is the possessor of an old clock, still running, although its wheels are made of wood, and its history can be traced back for over forty years. Besides giving the time, the clock has pasted in the back some statistics.

From this clock it is learned that in the year 1812 the postage rate for a single letter for a distance not exceeding 30 miles was 6 cents; over 30 miles and not exceeding 80, 10 cents; over 80 miles and not exceeding 150 miles, 12½ cents, and for a distance of 400 miles, 25 cents.

North Carolina in 1812 contained 638,820 people and the United States 9,025,730. Judging from this record in the back of the clock it must be at least 100 years old.

South Bend, Ind.—The thirteenth baby of Mr. and Mrs. Clyde Kyle of Mishawaka arrived at the Kyle home recently. The child is a daughter and is the third one of the children to be born on the thirteenth day of the month. Mr. and Mrs. Kyle were married on the 13th of the month.

BATTLE RAGING

By Associated Press.

Nogales, Arizona, November 26.—Desultory firing just south of Nogales, Sonora, early today, indicated that General Villa's troops, which started evacuating the Mexican town last night, have come into contact with the Carranza army of General Obregon.

American troops drove crowds two blocks north of the street that forms the boundary between Nogales, Arizona, and Nogales, Sonora. All the stores in the Mexican town were looted last night.

The Villa general, Acosta, came to the American side at the same time that Villa wounded were brought over the line.

NERVES STEADY AND HIS FOOD TASTES RIGHT

George Moorehead, of Cincinnati Says Tanlac Helped Him.

Cincinnati, November 25.—George Moorehead, who lives at 920 Riverside avenue, this city, had the following to say recently in regard to Tanlac, the new preparation that is creating such favorable impression in Cincinnati:

"I have complained of nervous stomach trouble for some time. My digestive organs were not in shape and the condition grew worse constantly until it was difficult for me to eat anything with relish. What little I did eat didn't taste just right. I was nervous and run-down, suffering greatly in hot weather.

"After seeing Tanlac advertised and hearing of the good it had done others, I decided to try it. That decision was one of the most fortunate of my life. Now the pains in my stomach have vanished, I no longer have headaches. My appetite is good and I thoroughly enjoy everything I eat. I feel vigorous and energetic. My nerves are in better condition than they have been in a long time."

L. T. Cooper, the Tanlac Man, said in discussing Mr. Moorehead's case: "Tanlac rebuilds the system, creates a healthy appetite, promotes digestion and assimilation and vitalizes the blood."

Tanlac, the Master Medicine, is sold in Washington C. H., at Blackmer & Tanquary's Drug Store, advt.
